

Diversity, Equity and Inclusion Statement

New Day Foundation for Families recognizes and embraces the full spectrum of diversity within our communities. New Day's leadership, staff and volunteers invite all voices to be heard, and treat all who reach out to New Day respectfully regardless of economic or social status. We do not discriminate on the basis of race, color, ethnic origin, national origin, creed, religion, political belief, gender, sexual orientation, marital status, or age.

We envision a future in which the highest caliber healthcare and psychosocial support is available to all Michiganders facing a cancer diagnosis, and in which health disparities do not exist. We believe that every cancer patient deserves an equal opportunity for the best possible health care and supportive services.

New Day is committed to pursuing opportunities to build a more compassionate and unbiased community. Toward these goals, we will seek and cultivate mutually beneficial partnerships with organizations committed to diversity in the Michigan cancer community.
